

OUR TEAM

Basis Partners is a Colorado-based, locally focused construction management and civil engineering consulting firm with a focus on people - our team, our clients, and our project stakeholders. We have significant experience delivering transportation projects along Colorado's front range and have worked extensively with CDOT and the City of Colorado Springs to provide services for bridge, roadway, and drainage projects. Our clients see us as a trusted partner capable of delivering the most complicated and challenging projects.

Basis has secured both the Emerging Small Business (ESB) and Disadvantaged Business Enterprise (DBE) certifications through the state of Colorado. We are also qualified as an MWBE through City and County of Denver.
